For some of our newer members and as a reminder to everyone, here are the principles of our airfield planning permission. Permission was nearly lost and only won at appeal after considerable expense thanks to members efforts 14 years ago.

- All recreational flying under the auspices of the Club
- No flying before 0800 local
- No flying after 2100 local
- Maximum of 20 take-offs per calendar day
- All approach, climbout and circuit paths to be agreed with Test Valley Council
- No helicopter movements
- No aircraft greater than 2650lbs TMOW
- No training of flying school operations
- No rallies
- All movements to be logged
- Movement log to be available for local residents inspection
